

MICHAEL CINGARI

Program Developer and Team Leader

Newport Beach, CA · 949-842-4974 · mjcingari0@gmail.com

Experienced program leader with 6 years of cross-functional team leadership and multi-site project oversight. I lead with consistency, communicate with clarity, and genuinely invest in the people I build teams around. Collaborative and data-driven, I let results guide decisions; staying open to new approaches and unafraid to change course when the evidence calls for it. Ready to leverage my team-first approach to cultivate and motivate exceptional teams that produce exceptional outcomes.

PROFESSIONAL EXPERIENCE

Supervisor, Expanded Learning | Magnolia Elementary School District | Anaheim, CA 2024 – Present
District-Wide Program administration · 2,000 participants · 200 team members

- Direct project planning, resource allocation, and operational execution across 9 sites — managing timelines, grant compliance requirements, and safety standards simultaneously.
- Coordinate stakeholder communication across site teams, school administrators, district leadership, and community partners; proactively manage risks and surface issues before they impact delivery.
- Analyze participation, retention, and quality data to evaluate program effectiveness and translate findings into actionable improvement plans for leadership.
- Develop standardized operational tools — implementation guides, walkthrough rubrics, and reporting dashboards — to ensure consistent execution across a distributed team.

★ +19% enrollment growth ★ 63% school-wide participation ★ 90% participant retention

Training Manager | Elevo | Orange County, CA 2020 – 2024
Multi-client curriculum & professional development leadership

- Managed end-to-end development of multi-site training programs — scoping deliverables, setting milestones, coordinating cross-functional contributors, and tracking progress against organizational goals.
- Conducted structured needs assessments and content gap analyses with district administrators and SMEs; translated stakeholder input into prioritized project scopes and development plans.
- Coordinated curriculum initiatives across multiple districts simultaneously, managing competing timelines, stakeholder priorities, and resource constraints while maintaining program quality.
- Analyzed satisfaction, attendance, and performance data to evaluate program impact; presented findings to leadership to drive strategic planning and contract decisions.

★ 20% daily attendance increase ★ 95% district satisfaction rating ★ 3 new + 6 renewed contracts
